The poster features a dark grey background with vibrant pink and blue circular accents. At the top left, the 'NN' logo is accompanied by a pink and blue waveform. The text 'North Northants' is in white, and 'SEND Survey' is in large, bold white and pink letters. A circular inset on the right shows a group of people in a meeting. A pink circle in the center-right contains the text 'Our 2026 annual survey is live!'. Below this, two rounded rectangular boxes list the 'Parent/Carer Survey' and 'Young People's Survey 0-25 years'. A bottom-left circular inset shows two smiling young men. A QR code is located in the bottom right, with an arrow pointing to it from the text 'Your views help shape a brighter future for all!'. The footer is a blue bar with a globe icon and the survey URL.

Be safe this summer

Travelling abroad? Stay safe around animals to protect your family from rabies.

What is rabies?

Rabies is a virus that affects mammals, including dogs and people. It is deadly but preventable.

How rabies spreads

Rabies is spread in the saliva of infected animals through:

bites

scratches

licks

How to stay safe

- Don't touch or approach unknown dogs or cats
- Check the rabies risk at your destination and consider pre-travel vaccination
- Never disturb dogs when they are eating, sleeping or with their puppies to reduce the risk of bites
- Avoid dog bites, scratches and licks

If a dog bites you:

- 1** Wash the wound with soap and running water for 15 minutes
- 2** Apply antiseptic, if available
- 3** Go to the hospital

Did you know?

Around 59,000 people die from rabies every year worldwide. Children are most at risk.

99% of human rabies cases are linked to contact with infected dogs

While rabies is rare in the UK, it remains a serious risk in many popular holiday destinations. Mission Rabies works around the world to end rabies through dog vaccination and education.
